

ACGME Data Resources

Data Files Available

The following datasets are available, and the data are consistent with the ACGME's annual snapshot of programs and institutions. These data files are intended for research purposes and do not include designated institutional official (DIO), program director, resident, fellow, or faculty member names or specific addresses.

ACGME-Accredited Programs

This is the list of ACGME-accredited residency and fellowship programs. The legend below defines the program list data fields that can be found in the "ProgramListingAYXXXXXXXXX.xlsx" data files. The first row (header) contains column names.
